## Content of the Seminar

**The seminar is about the top five major different applications of the three sets of financial reporting standards – HKFRS, SME-FRS and HKFRS on PE**

There are currently three sets of financial reporting standards in Hong Kong, namely the Hong Kong Financial Reporting Standards (HKFRS), The Small and Medium-sized Entity Financial Reporting Standards (SME-FRS) and the Hong Kong FRS for Private Entities (PE). They differ in a number of ways in term of application, classification and measurement.

In this webinar, we will use examples and cases to illustrate:

- A. Application criteria of the three sets of financial reporting standards
- B. Highlight the top five different applications of these three sets of standards
- C. Comparison of them on group financial reporting, consolidation requirements and others areas.
